PRODUCT NAME	Stainless Steel French Press Knob – 1000 ml
PRODUCT ID	2595
PRODUCT PHOTO	

PRODUCT DETAILS	
Product specification	French Press
Volume	1 000 ml
Material	Stainless steel
Intended type of food	Tea, coffee, other beverages
Conditions of use	Contact with food at water temperatures up to 100 °C
Status	Material intended for contact with food

INSTRUCTIONS FOR USE
1. Prepare fresh roasted coffee in medium-coarse grind size. 2. Measure your coffee using 1g of coffee per 15ml of water. 3. First, pour in half the hot water (92-96°C) and allow your coffee to 'bloom!' for 30 seconds. Then add the rest of your water. Do not exceed the printed guideline.

4. Gently stir to spread the coffee evenly.
5. Cover with the lid and let extract for 4-5 minutes according to your preferences.
6. Slowly push down the plunger using even pressure.
7. Serve immediately.
8. After each use, discard the used coffee grounds and rinse the French Press using warm water.

Suitable for preparing tea or iced beverages.

MAINTENANCE AND CLEANING

- Discard used coffee grounds and rinse with warm water after each use.
- Regularly clean the filter and plunger to remove any oil and coffee residue.
- Occasionally clean each part using gentle dish soap and soft sponge.
- Avoid using abrasive cleaning products and steel sponges to prevent damage to the product.
- Always allow to dry thoroughly before next use.
- Not dishwasher safe.

SAFETY WARNING

- Only use French Press to prepare coffee, tea or iced beverages.
- Always press the plunger slowly and evenly – avoid excessive force.
- Never use cracked or damaged French Press.
- Not dishwasher or microwave safe.
- French Press is unsuitable for stoves, hotplates, nor any other heat source.
- Keep out of reach of children..
